

REACH DECLARATION OF CONFORMITY

The undersigned, hereunto acting as the representative of

Producer: Confed Systems B.V.
address : Databankweg 22, 3821 AL, Amersfoort,

herewith declares that the product(s) delivered/to be delivered by the manufacturer, which cannot function independently and is/are intended to be built into or assembled with another product, which can function independently, complies to the best of its knowledge with the

REACH including REACH annex XVII
REACH (Registration, Evaluation and Authorization of Chemicals) is a European regulation dated the 1st of June 2007. The regulation addresses the production, trading and use of these chemical substances and aims at a safe use by making sure that the information about the effects of these chemicals is provided to all users, from producer till end-user.

Confed does not produce or import chemical substances into the European Union which makes Confed a downstream user. All products Confed produces can be classified as goods and the chemical substances mentioned in the REACH are, to the best of our knowledge, not present in concentrations above 0,1%, also they do not add up to more than 1 ton per year. Therefore, Confed is not obligated to register the substances with ECHA.

Amersfoort, the Netherlands, on 17-05-2024.

Robert Goedhart,
MD, Confed Systems BV
